Business of all hinds has been more or less effeeted during the week by the lamentable death of President Garfield. The produce market has been quiet but steady, although there has been a decline in the prices of grain from the highest figures of last week. Money matters are without much change. In New York the quotations for call loans are 546 per cent, which are also the

nominal figures for time loans and prima mercantile paper. In Faltimore the supply of loanable funds is ample for the demand. The busi, ness rate is sharp 6 per cent, though loans to brokers are occasionally made on easier terms. The banks report a fair offering of commercial paper. Government bonds are firm, and the quotations show no material change. Virginia securities dull and weak. Consols sold yesterday at 82 and 10 40; at 55. Peelers firmer, \$10,-
